

EVoline[®] U-Dock

EVoline® U-Dock

Professional. Robust. Safe.
For hospitals, laboratories etc.

The aluminium profile of the EVoline U-Dock can be attached to, below or in front of the worktop in a variety of ways.

As a robust basis for a professional power and data supply, it includes freely configurable power and data connections as well as safety modules for the protection of

employees and machines. The electrically isolated interchangeable modules can be exchanged at any time.

A large number of power connection modules are available for the supply of power.

End cap with fixed power cable, available in different country versions.

Available with wire end ferrules, EVOLine plug or power plug.

Freely configurable according to your wishes

Available surfaces
